ABOUT ME

Industrial engineer student, junior web developer and junior data analyst. I am seeking for new job opportunities in a company that is interested in providing a steady career growth along with job satisfaction in a challenging and healthy work environment.

I enjoy working with others and I can identify strengths and improvements areas. I face new challenges with enthusiasm and learn new skills easily.

ALEXANDER NICOLAS TISKO

EXPERIENCE

10/2019 – Present

Junior Research Analyst • Cognizant • Argentina

I work with Google My Business tool. My tasks are analysis for data-driven decisions, detect and solve issues and customer experience.

01/2016 – 09/2016

Operative Senior • Friction Marketing Company • England

I had the opportunity to travel to another country and work in the logistic area as an operative.

Part of my tasks were receiving, preparing and dispatching orders. Also, product's stock control and inventory management.

Intern Summer Job (3 months each summer) • Argentina

Alimentos Ceape - 2015: Raw material control and stock, quality checks and product manufacture.

Friction Tech Supply - 2018: Invoices control, contact with clients and orders preparations.

Alimentos Granix - 2019: Workhouse control and product stock
